SUMMARY

5th-year EPITA engineering student specializing in software development and computer graphics. Combining strong technical expertise with teamwork skills, I am actively seeking an internship in medical image processing.

PROJECTS

3D Reconstruction of an Operating Room

2026 - 2027 (In progress)

Swift (iOS), 3D Gaussian Splatting, SfM, GPU Pipeline

Final Year - EPITA Project

- **iOS Guided Capture:** Developed a Swift app for guided capture and camera calibration.
- **3D Reconstruction:** Built a volumetric modeling pipeline via Gaussian Splatting & SfM.
- **Medical Training:** Reduced metallic artifacts to provide an immersive tool for surgeons.

NeuroVolumetry – Alzheimer's Diagnostic Aid

May 2026

Python (FastAPI), React, Atlas HarP, Redis, PostgreSQL

EPITA Project

- **Brain Morphometry:** Ingested MRIs for spatial registration and hippocampal segmentation.
- **Clinical Biomarkers:** Calculated volumetric data to detect early atrophy.
- **Distributed Architecture:** Built a FastAPI backend with async Redis workers and a React viewer.

Howea – Cognitive Stimulation Platform

2026

React 19, Supabase, WCAG 2.1 AA, Vite, Vercel

Web & Health Project

- **Inclusive Games:** Designed adaptive cognitive exercises (memory, puzzles, multiplayer).
- **Universal Accessibility:** Implemented WCAG 2.1 AA profiles and full keyboard navigation.
- **Real-Time Multiplayer:** Integrated multiplayer lobbies using Supabase Realtime.

EXPERIENCE

Software Engineering Intern

September 2025 - January 2026

Primpromo by Open Groupe

Tours

- **Architecture Redesign:** Migrated 6 monolithic apps to a modern Spring Boot/Angular stack.
- **Performance Optimization:** Boosted response times via optimized backend queries and caching.
- **Automation & CI/CD:** Leveraged GitLab CI/CD to reduce deployment time and automate testing.

Student Union Board Member

September 2024 - July 2025

EPITA Rennes Student Union (BDE)

Rennes

- **Event Management:** Managed logistics for events (parties, e-sports) hosting 30-120 attendees.
- **Project Management:** Coordinated teams to deliver the association's calendar on deadline.
- **Student Engagement:** Led campus activities and welcomed new students to build school cohesion.

Summer Camp Counselor

August 2023 - August 2023

ALSH Summer Camp

Mont-Près-Chambord

- **Group Management:** Ensured the daily safety and well-being of 8 to 12 children.
- **Activity Planning:** Designed and led 10 themed activities and games per week.
- **Logistics:** Managed meals, routines, and budget for 1 overnight stay.

EDUCATION

Preparatory and Engineering Cycles, EPITA – Includes International Semester at Dorset College Dublin

BAFA – *Theoretical (07/22), practical (08/23), advanced (06/24)*

2022 - 2024

French Baccalauréat - With Honors (Mention Bien), Notre Dame des Aydes, Blois

2022

SKILLS

- **Technical:** HTML/CSS, JavaScript, ReactJS, Swift, C, C#, C++, Python, OpenGL, Spring Boot, SQL
- **Soft Skills:** Organization, Teamwork, Effective Communication, Rigor, Rapid Learning, Problem Solving
- **Languages:** French (Natif), English (B2), Spanish (A2)
